*The City Airport Train **CAT** is faster but more expensive*

*Since the public transport in Vienna is very well organized, you can go almost anywhere with it. Thus, the organizers would recommend to use it instead of taxis and rental cars.*

## Taxis and limousines

Taxis and limousines are also available. More information about this can be found [here](#)

*The organizers recommend not to take a taxi from the taxi stands in front of the airport, because they are more expensive. Please, check the taxi companies on the above link. You can book a taxi online or at these companies` offices at the airport.*

## Car rental

To enable you to travel freely without being reliant on public transport and guided tours, you can rent a car at Vienna Airport. For more information, click [here](#).
