More types of tickets can be found [here](#).

TIPS

- For the Congress days the cheapest option would be to buy a weekly ticket. **Keep in mind that the weekly ticket is valid from midnight on Monday until 9.00 am on the following Monday.**
- If you are arriving before Monday, you will need to buy additional tickets. You can choose to buy different types of tickets depending on your plans:
 - If you are arriving on Saturday or Sunday and you only need to get from the airport to the hotel/Pre-conferences venues, the best option for you would be to use 1 journey or 4 journey tickets
 - If you are arriving on Saturday or Sunday and apart from the pre-conferences you have planned some additional touristic programme, you should probably buy a 24-hour ticket/48-hour ticket/72-hour ticket, depending on your time and plans.
